

Linework
[lain-work]

**BECOME A LINEWORK
BUSINESS PARTNER
TODAY!** EVOLVE WITH YOUR SOCIAL WORLD

Linework provides comprehensive decentralized finance (DeFi) solutions that integrate cutting-edge market and social technologies into the world of decentralized finance, making it more efficient and accessible to people worldwide regardless of their **professional or social status, wealth level, or minority background.**

[Learn More](#)

- Similar to Amazon, it enables the buying and selling of goods and services worldwide, including areas where **Amazon and Uber do not operate (80% of countries).**
- Like Uber, Glovo, or Just Eat, it offers **international deliveries without geographical restrictions.**
- Like PayPal, it facilitates **fast and borderless transactions.**
- Allows users to share content and connect with others**, combining features from Facebook, Instagram, and Twitter, with the advantage of publishing without censorship or threats.
- Similar to Binance and Coinbase, it enables users to **monitor markets, exchange, use, or liquidate digital assets within a bank account.**
- Like WhatsApp, it **provides private messaging without relying on mobile networks**, with the option to create private and secret groups.
- Available on **Apple Store, Google Play Store, Tor network, and decentralized platforms.**

Unlike others, **Linework is uncensorable and guarantees freedom of speech and moral and physical integrity.** It is untraceable and cannot be geolocated by authorities or government entities.

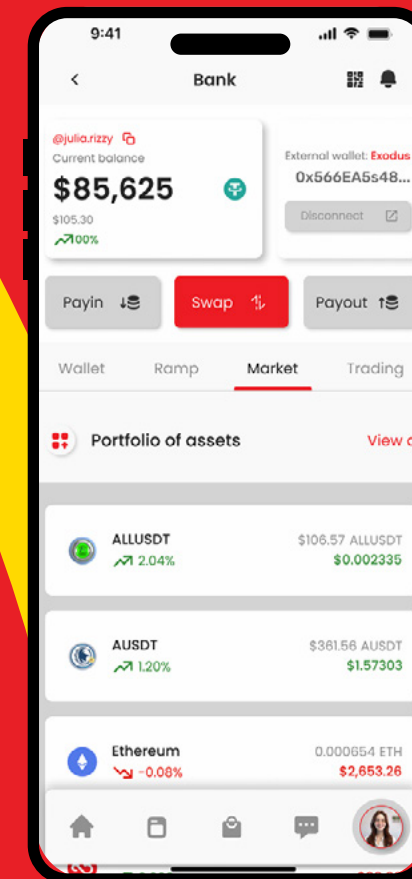

In summary, Linework integrates common technologies into a user-friendly ecosystem connected to the DeFi world. Users can buy, sell, interact, publish, trade, pay, deliver, create stores, and advertise freely worldwide.

"Be yourself for the first time in the digital world."

PRODUCTS & SERVICES

Linework App redefines digital interaction by **combining social networking, e-commerce, and financial services into one seamless experience.**

Linework App integrates four business lines into a single, innovative platform, empowering users with diverse digital services:

Spiral

A decentralized social network that **promotes conversations and products on Bloop Marketplace.** It enables users to stay connected with friends, family, colleagues, or customers for social, business, or political purposes, ensuring free communication while respecting human rights principles.

Bloop

A limitless crypto marketplace for managing communities, shipping, and C2C/B2C sales with low commissions and total control. **Users can discover and purchase products using digital assets, transforming every interaction into a business opportunity.**

Bank

An internal wallet for cryptocurrency management, trading, and staking/saving programs. It simplifies international financial transactions, ensuring security and efficiency. **Users can transfer money, pay for goods and services, and swap cryptocurrencies effortlessly.**

HOW TO BECOME A BLOOP PARTNER

and what are the benefits.

Linework provide a marketplace that allows without any bonds or obligations the possibility to market their products and services. The Marketplace has different functions for seller and buyer side. Starting with the more compress part that is seller side.

The App gives the possibility to Either be a Buyer or a seller.

Users can sell for free with a basic account or choose from three paid seller profiles that offer greater control over their store.

BASIC ACCOUNT

Select country

Address

Postal code

1

Store Name:

Enter the name of your store. Choose a name that is catchy, easy to remember, and reflects the nature of your business.

2

Description:

Write a detailed description of your store, including the products or services you offer and any other information that could attract potential customers.

3

Add Picture:

Upload an image that represents your store—this could be your logo, a picture of your products, or any image that showcases your store's identity.

4

Store Location:

Provide the physical location of your store. This helps build trust with customers and can also improve local search visibility and logistics.

Manage Your Store

Set Store in Draft:

If you're not ready to launch, you can save your store as a draft and continue working on it later.

Temporarily Close the Store:

You have the option to temporarily close your store for a specified period.

Close the Store:

If you decide to shut down your store, you can choose to close it permanently.

Once you completed these steps,
YOUR STORE IS ALIVE!

COMISSIONS AND PAYMENTS

To complete the checkout process:

1

The user will cover the service fee of **1%**.

2

Once the product is received by the user the seller will receive payment **in his Linework Wallet**.

3

Payment will be received in the currency **selected by the buyer**, ensuring smooth transactions.

4

You can connect **+140 external wallets for payout (fees are fixed at 20 AUSDT with minimum amount of 50 AUSDT)**.

The user can then **cash out with the bank of his choice**.

We offer to directly transfer your **AUSDT balance** in the wallet directly to your bank with a **0,5% commission fee** of the total amount.

BENEFITS

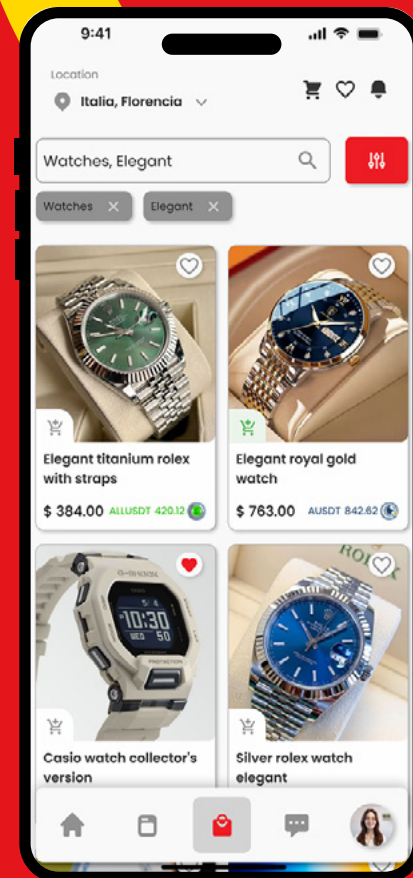

Access to the international market in 56 countries in the world.

Completed Dashboard

Get a detailed view of your store, including sales and orders, to help you better run your business.

Inventory Tracking

Bloop inventory is synced across all your stores in real time. Optimize inventory levels and reduce costs.

Marketing made Simple

Cost per click (CPC) is an advertising model used by marketers to drive traffic to their websites.

Analytics

Keep track of your business through analysis and measure the effectiveness of your marketing and sales campaigns.

Shipping Rates

Reach your customers and manage your shipping through Linework's internal shipping service.

Multi Store Option

No limits to your business. Open as many stores as you wish and manage them all with a single profile.
